

Geneviève C. Lang
Class of 2005

Geneviève, or, as we call her, Jen, is one of those surprises that just pops out of the box now and then. She can sing, dance, AND play chess better than most of the boys. Now that is a triple-threat!

We have experienced Jen as adaptable, resilient, and amazingly talented. She can accept criticism, and knows what to take in and what to leave out. And, she is always willing to teach others as well, with patience and clarity.

KVA Activities

Jen had key, starring roles in both *The Kids of Swing* and *The Interview*, both of which KVA performed at the DramaFest in Halifax at Dalhousie. She sang, danced, and acted. In addition, she has been a showcase talent in all the KVA productions done in-house for the general public, including a heart-stopping rendition of Janice Joplin's "Piece of My Heart." She won the Ruby Award for grade 8 voice at the MCPA (Maritime Conservatory of Performing Arts), and was the Kiwanis Festival winner for Atlantic Canada for Grade 8 voice.

Jen acted as president of the KVA student council in her senior year. She was active in public speaking and participated in programs at Halifax Dance and L.O.V.E To finish off her high school career, she obtained scholarships from the MPCA, the NWCT, and from UBC (University of British Columbia), which she is currently attending.

Current and Future Activities

Jen is in her first year at UBC, where she is studying voice performance.
